HISTORY/FACTS/ISSUES:

In 1999 Board of Sumter County Commissioners established Municipal Services Benefit Units (MSBU) program, and authorized the collection of fire assessment fees to aide in the funding fire services within Sumter County. From 1999 to 2005 the methodology remained much the same. In 2006 a program update study was completed and changed the fee schedule from per structure and structure type to per improved parcel. The current (FY 2008/09) fire assessment fee is \$70 per improved parcel. The increase in assessment is to fund operating resources to serve the population increase in The Villages Fire District.

Staff recommends adoption of Annual Assessment Resolution (which establishes the county assessment rate at \$81 per improved parcel) and authorized the Chairman to execute Certificate to Non-Ad Valorem Assessment Roll.
